**Bake Potatoes**—Wash and wipe and lay in a moderate oven. Bake until soft to the grasp. Lay in a napkin and cover and send at once to the table. Fry sweet potatoes—Boil and peel and when cold slice in lengths or in rounds and fry in hot butter until light brown. Sprinkle with sugar and continue frying until a rich crisp coating of caramel covers them. Whip potatoes—Mash the potatoes as usual, then add salt, pepper, melted butter and cream and whip briskly with a fork, beating upward with a rapid stroke until the compound is as creamy as a meringue. Pile lightly and irregularly upon a hot dish. Place under the flame of the broiler for a moment to brown over the top.

**Fry apples with bacon**—Pare and core and slice in rounds some well-flavored pickings or greenings. Cut into thin slices some excellent bacon and fry in their own fat almost to crispness. Take out the meat and arrange it upon a hot chafing dish, while you fry the apples in the fat left in the pan from the bacon. Drain and lay upon the slices of meat.

**Glaze ham**—Soak all night in cold water and boil about eighteen minutes to the pound. There should be plenty

of water in the pot, cold at first, and brought gradually to a boil. Let it get cold in the water in which it was boiled. We always boil a ham the day before it is eaten. Take it out, remove the skin carefully and put the latter back into the cold liquor when you have skinned all the fat—which makes excellent dripping—from the surface of the liquid. Press soft paper on the top of the ham to take off the clinging drops of grease. Brush over with beaten egg. Work a cup of rolled cracker into a paste with warm milk, butter, pepper, salt and beaten egg. Coat the ham thickly with this and set to brown in a moderate oven. Twist frilled paper around the knuckle and garnish with cress.

**Make lettuce salad**—Pull out the hearts and blanch leaves, heap them with a salad bowl, strewn with powdered sugar and pour over them a dressing made in the proportion of one tablespoonful of vinegar to three of salad oil, one spoonful of salt to half as much pepper and the same quantity of made mustard. Beat up well before pouring over the salad. Let all stand ten minutes, or more, in the refrigerator before serving.

## CHIC FROCK IN APRICOT LINEN

Here is a chic frock in apricot linen. The two gore skirt has shallow plaited insets let in at the knees below the side seams, outlined by tiny black buttons. The sections of the bodice are self-piped, as is the pelum. The collar and cuffs are of ecru macramé.

friends always have a cordial welcome for him whenever he is in the city, for they still count himself and family as Pensacolians.

Mrs. Philip Jones is entertaining Mrs. C. H. Matthews for a few days at her home at Goulding. Mrs. Matthews will leave at an early date for Texas.

Mrs. S. Alva Moog left on Friday for French Lick Springs, where he will spend some time recuperating.

Mr. J. A. Hicks has been called to Waverly, Indiana, by the illness of his sister. Mrs. Hicks and two children, during his absence, are visiting friends in Montgomery.

Born to Mr. and Mrs. S. E. Ingham on May 17th, a son.

Mrs. R. M. Cary and infant child are in Mobile, where the little one is under treatment. During the absence of Mrs. Cary and baby, the two older children are with their grandmother, Mrs. George Wright.

**GRANDMOTHER'S HERBS.** Almost every American man or woman can recall the collection of roots, herbs and barks made every fall for the home medicine chest.

It is interesting to note that the most successful remedy for female ills the world has ever known had its origin nearly forty years ago. In one of these home medicine chests and Lydia E. Pinkham's Vegetable Compound is made today in immense quantities from these same roots and herbs with extreme accuracy, care and cleanliness. Merit alone could have stood this test of time.

## PENSACOLA YARD NOW DARK

FOR FIRST TIME IN HALF A CENTURY NO LIGHTS GLIMMER ALONG WATER FRONT—CAPT. BARROW SAYS ABSENCE IS DANGER TO NAVIGATION.

For the first time in probably 45 years, the Pensacola navy yard is now dark. Not a light glimmers anywhere along the waterfront there at night.

Capt. W. G. Barrow, master of the steamer Tarpon, said to a Journal representative yesterday that he had been sailing the waters of Pensacola bay since 1868 and this is the first time within his memory when he has not seen lights along the landings at that place.

Aside from the outrageous department policy which allows so finely an equipped plant as the Pensacola navy yard to remain idle, the absence of lights along the waterfront there constitutes a serious menace to navigation, and Capt. Barrow thinks something should be done to insure the establishment of lights there at once.

## UNSEEN DANGER

The shriek of a locomotive is a warning of immediate danger so great that it must be heeded, but many people face other dangers as great without knowing it.

H. Lloyd of Mt. Vernon, N. Y., writes us about a recent experience as follows: "A generally debilitated condition of the system, which had lasted for two months and was growing worse, impressed on me the necessity of using a good strengthening tonic. Vinol was my choice because I had heard so much of it, and I am pleased to say it has fulfilled every recommendation. I have regained my usual strength, and other members of my family have also found Vinol very beneficial."

If you are fagged out and weak, have poor appetite, sleep badly or are in low spirits, then you should heed the warning and begin promptly to build up your strength with Vinol. It renews and enriches the blood, and brings back your old-time vigor and vitality. You can use Vinol at our risk, for we guarantee it to help you. White's Pharmacy, Pensacola, Fla.

## ENTIRELY BALD

Her Hair Commenced to Grow After Two Week's Use of Newbro's Herculicide.

"Fever caused me to be entirely bald. I had given up all hope of again having hair when I was advised to use Herculicide. After two weeks my hair commenced to grow. I now have the most beautiful head of hair anyone ever saw. Praise to Newbro's Herculicide."

Thus writes Mrs. Howard Bailey, of Bellevue, Mich. We can point to thousands of instances where the proper use of Herculicide has been followed by a remarkable growth of hair.

Newbro's Herculicide is the original remedy which kills the dandruff germ and stops falling hair.

Newbro's Herculicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Send 10c. in postage for sample and booklet to The Herculicide Co., Dept. R, Detroit, Mich.

Applications may be obtained at the best barbers and hair dressers.

## TRADESMAN'S WEEKLY REVIEW

NEW INDUSTRIES FORMED IN DIXIELAND DURING THE PAST WEEK.

Chattanooga, Tenn., May 25.—For the week ending today the conditions are quite varied according to the Tradesman. The long cool wet weather has delayed crops in all ways and retail trade has been disappointing. Where anything like normal appears, the improvement is rapid. Fruit is being shipped from the south in quantity. Collections are reported somewhat slow in the south. Hay crops reported unusually good. Cotton will have relatively small acreage. Large exports of cotton with large imports are reported. New vegetables are coming in quantity and prices are easier. Provisions are reported somewhat lower. Clothing is dull, for the cool weather has delayed the usual demand. Good yields of wheat and corn are confidently anticipated. Generally through the south, trade conditions are near normal but demands are rather for smaller quantities than is usual at this season. The area of flooded lands has moved south and is now practically between Baton Rouge and the sea.

The condition of the soil, when the water recedes, can not be expected to be favorable to any paying crops this season. Iron and steel are fair and expanding demand. Excepting where flood conditions prevail, the general condition of the business of the country may be considered fairly good. The new industries of the week, as reported by the Tradesman, are, in detail, as follows:

1-3 off on any Man Suit in our house this week at Brawner-Riera Co.

At the same meeting where Herbert Knox Smith, United States Commissioner of Corporations, addressed the Indianapolis Trade Association, Mr. Smith told a story of the South. A Northern man made a visit to the plantation of a Southern colonel, he said, and was almost devoured the first night by mosquitoes. The next morning the Northern man asked the colored butler about the mosquito plague. "Don't the mosquitoes bother the Colonel?" he asked. "Not much," the butler replied. "The first part of the night the Colonel am too drunk to feel mosquitoes, and the last part of the night they is too drunk to bother him."
